

MARKET LUNCH-celebrate summer's abundance

Market lunch is lunch without a show; it is a prix fixe meal in 3 parts that is created a la minute daily by our chefs; typically, including a starter, entrée, and dessert. Beverages are additional. Naturally we are picking from local abundance so Chef Bob has the crazy idea that you trust him enough to reserve your seat without knowing the menu. As always special accommodations are made for serious allergies and restrictions with advance notice. Cost per ticket: \$29, collected when you book your seat at the table. Indoor and outdoor seating available first come first serve, and weather permitting.

Wine by the glass \$8 or bottle at shelf price

Beers \$5

House ice tea and lemonade \$4
